

AMENDMENT TO THE CLAIMS

Kindly amend the claims as follows:

Claims 1-18 (cancelled).

19. (previously presented): A sports viewing assembly comprising, in combination: a head support for holding said assembly on a person's head; a binocular assembly attached to said head support, said binocular assembly allowing viewing an event from a distance; a radio attached to said head support; at least one earphone coupled to said radio; a camera optically coupled to said binocular assembly.

20. (previously presented): The sports viewing assembly of claim 19 wherein said camera is removable.

21. (previously presented): The sports viewing assembly of claim 19 further comprising earmuffs.

22. (currently amended): The sports viewing assembly of claim 19 further comprising ~~[earmuffs]~~ image stabilization for said binocular assembly.

23. (previously presented): The sports viewing assembly of claim 19 further comprising a laser pointer.

24. (previously presented): The sports viewing assembly of claim 19 further comprising a rangefinder.

25. (previously presented): The sports viewing assembly of claim 19 wherein said radio is a satellite radio.

26. (previously presented): The sports viewing assembly of claim 19 wherein said radio is a scanner.

27. (previously presented): The sports viewing assembly of claim 19 further comprising a visor.

28. (previously presented): The sports viewing assembly of claim 19 further comprising a lens cover for said binocular assembly.

29. (currently amended): A sports viewing apparatus comprising, in combination: an adjustable head support; at least one telescopic device coupled to said head support; a

radio attached to said head support; earphones attached to said head support, said earphones coupled to said radio[, ~~a camera optically coupled to said telescopic device~~].

30. (previously presented): The sports viewing apparatus of claim 29 wherein said radio is removable.

31. (previously presented): The sports viewing apparatus of claim 29 wherein said earphones are removable.

32. (previously presented): The sports viewing apparatus of claim 29 further comprising removable earmuffs.

33. (previously presented): The sports viewing apparatus of claim 29 further comprising a microphone removably attached to said head support.

34. (previously presented): The sports viewing apparatus of claim 29 further comprising a laser pointer.

35. (previously presented): The sports viewing apparatus of claim 29 further comprising a rangefinder.

36. (previously presented): The sports viewing apparatus of claim 29 further comprising image stabilization.

37. (currently amended): An apparatus for viewing events comprising:

a means for holding said apparatus on a human head;

a telescopic means for telescopically viewing said events;

a receiving means for receiving a radio signal and producing an audio output signal;

a transducer means for producing sound from said audio output signal;

~~[a camera means for recording images coupled to said telescopic means,]~~

whereby, when said apparatus is worn by said human, distant events can be conveniently observed while listening to the sound related to said radio signal.

38. (previously presented): The apparatus of claim 37 further comprising photographic means cooperating with said telescopic means for recording images of said events.

39. (previously presented): The apparatus of claim 37 further comprising ear protection means for protecting said human's ears from cold weather.
